Snow thrower parts

Slide shoes

Universal deluxe poly slide shoes for most 2 stage snow throwers

Order no. 7012-M6-0009

- This set of universal polyslide snow shoes for snow throwers are designed to not rust or pit.
- They won't scratch driveways, sidewalks or patios.
- The snow shoes are also reversible for longer life while they are oversized for additional stability.
- All of the necessary hardware is included so they are ready to be installed the same day they arrive.

Fertiliser & Salt spreader

Granomax - Hand held granular spreader

Order no. 6011-X1-0215

Spreading fertiliser, salt, sand, or seed - with the Granomax is simple!

The Granomax 5 spreader can spread flowing product to about 4 mm particle size. Ideal for small to medium sized areas. Will easily spread fertiliser, sand, grass seeds, road salt in winter, oil binder on the road or at work.

automechanika
innovationaward

Made in Switzerland

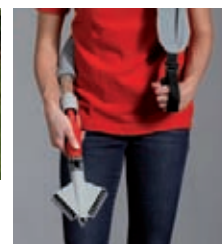

BIRCHMEIER

Features:

- Uniform spreading pattern due to sophisticated geometry of the rotor head
- 5 position control for precise dosage
- Dustproof bag 6.5 l (about 4 - 5 kg) with a large zip feed opening.
- Carrying strap adjustable in length for different body sizes
- Transparent connection funnel to show the granular flow
- Range of up to 2 m by horizontal centrifugal movements achieved
- Handle can be locked when not in use

Usage:

- 1) Fill in up to 4 mm² granulate
- 2) Wear spreader
- 3) Spread easily punctual or large-scale
